Bien qu'en 2008 François Boucq défendait héroïquement Fabrice Giger et sa maison d'édition en redressement judiciaire, la donne a dû changer depuis, pas en mieux on imagine.

Le "Bouncer" est désigné par tirage au sort comme remplaçant du bourreau de Barro-City, mais cela lui vaut d'être méprisé par ses habitants. Bientôt, d'autres malheurs s'abattent sur lui dans ce qui devient une sombre histoire de vengeance. Le scénario est palpitant, rythmé et cruel. Dessin très détaillé et approprié à cette ambiance. [SDM].

« Le western est un genre qui pousse le dessin très loin, et réclame une vraie maturité d'artiste. » François Boucq Grand Prix Angoulême 1998 Le Bouncer est le propriétaire de l'Inferno, l'un des saloons

de Barro City. Encore une de ces arides villes du Far West où l'étranger de passage trouvera plus facilement du whisky frelaté que de l'eau, et aura plus de chances de rencontrer la Mort que de tomber sur un filon d'or. Avec ses colts, un couteau ou avec ses poings, le Bouncer se défend pas mal pour un manchot. C'est pas qu'il soit violent, mais disons qu'il n'hésite pas à tuer pour défendre ce qui lui paraît juste et beau. Et cette fois encore, pour venger ceux qu'il aime, injustement victimes de la fureur des temps mythiques de la conquête de l'Ouest, c'est en Enfer que le Bouncer va devoir faire un aller-retour... Les éditions Glénat sont heureuses d'accueillir en leur sein la suite des aventures du Bouncer, créé par deux auteurs au moins aussi cultes que leur personnage... Une nouvelle aventure sanglante et grandiose, qui verra sa fin dans un deuxième album à paraître en

2013.

From what could only have originated from the mind of "El Topo" director, and "The Metabarons" author, Alexandro Jodorowsky, "Bouncer" follows the adventures of a one armed gunslinger and sometimes saloon bouncer in one of the Wild West's many dangerous and vice-infested towns. Drawn by acclaimed artist François Boucq in a gritty and realistic style.

Middleton is about to close the bar when a young woman and her three-year-old son come in out of the wet October night. A marine who has seen his share of pain, Preacher knows a crisis when he sees one—the woman is covered in bruises. He wants to protect them, and to punish whoever did this, but he knows immediately that this is more than just instinct. Paige Lassiter has stirred up emotions in this gentle giant of a man—emotions that he has never allowed himself to feel. Then Paige's ex-husband turns up in Virgin River. And if there's one thing the marines' motto of Semper Fi—always faithful—has taught Preacher, it's that some things are worth fighting for. Previously published. impossible to put down.” —Kirkus Reviews (starred review) One morning in the autumn of 1793, watchman Mikel Cardell is awakened from his drunken slumber with reports of a body seen floating in the Larder, once a pristine lake on Stockholm’s Southern Isle, now a rancid bog. Efforts to identify the bizarrely mutilated corpse are entrusted to incorruptible lawyer Cecil Winge, who enlists Cardell’s help to solve the case. But time is short: Winge’s health is failing, the monarchy is in shambles, and whispered conspiracies and paranoia abound. Winge and Cardell become immersed in a brutal world of guttersnipes and thieves, mercenaries and madams. From a farmer’s son who is lead down a treacherous path when he seeks his fortune in the capital to an orphan girl consigned to the workhouse by a pitiless parish priest, their investigation peels back layer

upon layer of the city's labyrinthine society. The rich and the poor, the pious and the fallen, the living and the dead—all collide and interconnect with the body pulled from the lake. Breathtakingly bold and intricately constructed, *The Wolf and the Watchman* brings to life the crowded streets, gilded palaces, and dark corners of late-eighteenth-century Stockholm, offering a startling vision of the crimes we commit in the name of justice, and the sacrifices we make in order to survive.
