This book is one of many in a series of books for lacemakers who find themselves in a never-ending search for interesting and useful ways of applying their skills. It is filled with patterns for a variety of items suitable for these 3 special occasions.

The comprehensive guide provides the lacemaker with step-by-step instructions and illustrations on the techniques which make up this type of lacemaking. Divided into ten easy-to-follow sections, alternative methods of construction are closely examined and explained. Bridget M. Cook begins with starts and edges, describing the techniques of replacing threads and adding pairs, joinings, sewings, connections and crossings. Additional information is provided on picots, tallikes and venetian cords, plaits and braids. Other sections look at carrying pairs, raised work, corners, curves and holes, endings, moving work under construction and the mounting of completed lace. Practical Skills in Bobbin Lace will help all lacemakers to increase their repertoire of techniques.

Total newcomers to lacemaking—or those who simply haven't made Honiton lace—will find this the perfect introduction to this intricate art. Equipment, preparation, and all the stitches are covered in detail, followed by five patterns designed to teach all the methods used in flat Honiton lace: a basic flower, handkerchief corner motif, flower spray, “trillium” motif and bell flower spray. Plus, there are mounting techniques and information on designing for Honiton lace.

Un jour de décembre, quelques années avant la révolution de 1830, dans une petite ville du Cotentin, plusieurs amis se réunissent pour leur causerie du soir et, très vite, l'un d'entre eux évoque la rencontre qu'il vient de faire : celle du chevalier Des Touches, un héros de la chouannerie. Mais le chevalier n'est-il pas mort ? Ce soir-là, on remonte le passé et, devant ses amis, mademoiselle de Percy, qui y participait, raconte l'expédition des Douze : l'enlèvement de Des Touches, prisonnier à Coutances, par ses compagnons d'armes.

A product of detailed research into late-eighteenth-century cultural and social history, this book examines the controversial architect's life and work in the context of the Revolutionary period.

Honor de Balzac, the renowned French novelist and playwright, and one of the pioneers of literary realism, makes a short fantasy diversion to the mystical island of Java, where he, or rather the narrator, encounters a deadly poison-breathing tree, civilised monkeys, love-sick sparrows and that epitome of Oriental desirability of his day ? the women of Java.
