The investigation of the Egyptian Muslim Brotherhood during the presidencies of Anwar Sadat and the early years of Hosni Mubarak is based on the movement's main journals, al-Da'wa and Liw' al-'Isl'm, presenting its history during two relevant periods: 1976-1981, 1987-1988. These journals show that, contrary to the focus in modern research (e.a. sharia laws, gender relations, or ideas of democracy), the Brotherhood is a much more broadly oriented, social-political opposition movement, taking Islam as its guideline. The movement's own versatile discourse discusses all aspects of daily and spiritual life. An important adage of the Brotherhood is Islam as a ni??m k?mil wa-sh?mil, 'a perfect and all-encompassing system'. Faith should play a role in every aspect of daily life, from cooking dinner and housekeeping to education, holidays, enemy images, legislation, and watching television. Islam is everything, and everything is Islam. In its journals the Brotherhood provided its unique reflection of the spirit of the age. The movement presented itself as a highly reactive group that responded to current events and positioned itself as a moral, religious and political opposition to the Egyptian regime.

From its humble beginnings at the University of Alberta to today's world-wide audience over the Internet, CKUA has been a leader in public radio. It has been a training ground for Albertan and Canadian talent, and a platform for important ideas. Throughout its seventy-five-year history, Canada's oldest public broadcaster has been one of Alberta's leading cultural institutions. CKUA: Radio Worth Fighting For presents much more than the story of the little radio station that could. Marylu Walters has captured the political and cultural context of the times: the pioneering spirit that brought the station to life, the creativity that emerged from benign neglect and the passionate battles that maintained the station in the face of adversity. Packed with human stories told by the people who lived them, CKUA: Radio Worth Fighting For is an essential book for CKUA devotees across Alberta and around the world. If you haven't yet become a CKUA convert, this book is sure to hook you.

This collection of classic and contemporary articles provides context for the study of advertising by exploring the historical, economic, and ideological

Bookmark File PDF Congratulatory Ads In A Journal Samples

factors that spawned the development of a consumer culture. It begins with articles that take an institutional and historical perspective to provide background for approaching the social and ethical concerns that evolve around advertising. Subsequent sections then address the legal and economic consequences of life in a material culture; the regulation of advertising in a culture that weighs free speech against the needs of society; and the ethics of promoting materialism to consumers. The concluding section includes links to a variety of resources such as trade association codes of ethics, standards and guidelines for particular types of advertising, and information about self-regulatory organizations.

Who was the real Atticus Finch? A prize-winning historian reveals the man behind the legend The publication of *Go Set a Watchman* in 2015 forever changed how we think about Atticus Finch. Once seen as a paragon of decency, he was reduced to a small-town racist. How are we to understand this transformation? In *Atticus Finch*, historian Joseph Crespino draws on exclusive sources to reveal how Harper Lee's father provided the central inspiration for each of her books. A lawyer and newspaperman, A. C. Lee was a principled opponent of mob rule, yet he was also a racial paternalist. Harper Lee created the Atticus of *Watchman* out of the ambivalence she felt toward white southerners like him. But when a militant segregationist movement arose that mocked his values, she revised the character in *To Kill a Mockingbird* to defend her father and to remind the South of its best traditions. A story of family and literature amid the upheavals of the twentieth century, Atticus Finch is essential to understanding Harper Lee, her novels, and her times.
