If you had to give America a voice, it's been said more than once, that voice would be Willie Nelson's. For more than fifty years, he's taken the stuff of his life—the good and the bad—and made from it a body of work that has become a permanent part of our musical heritage and kept us company through the good and the bad of our own lives. Long before he became famous as a performer, Willie Nelson was known as a songwriter, keeping his young family afloat by writing songs like "Crazy" that other people turned into hits. So it's fitting, and cause for celebration, that he has finally set down in his own words, a book that does justice to his great gifts as a storyteller. In The Facts of Life, Willie Nelson reflects on what has mattered to him in life and what hasn't. He also tells some great dirty jokes. The result is a book as wise and hilarious as its author. It's not meant to be taken seriously as an instruction manual for living—but you could do a lot worse.

Collector of sexual folklore. Cataloger of erotica. Tireless social critic. Gershon Legman's singular, disreputable resume made him a counter-cultural touchstone during his forty-year exile in France. Despite his obscurity today, Legman's prescient work and passion for the prurient laid the groundwork for our contemporary study of the forbidden.Susan G. Davis follows the life and times of the figure driven to share what he found in civilization's secret libraries. Self-taught and fiercely unaffiliated, Legman collected the risqué on street corners and in theaters and dug it out of little-known archives. If the sexual humor he uncovered often used laughter to disguise hostility and fear, he still believed it indispensable to the human experience. Davis reveals Legman in all his prickly, provocative complexity as an outrageous nonconformist thundering at a wrong-headed world while reveling in conflict, violating laws and boundaries with equal abandon, and pursuing love and improbable adventures. Through it all, he maintained a kaleidoscopic network of friends, fellow intellectuals, celebrity admirers, and like-minded obsessives.
