~~How To Remove Microsoft Edge From Windows 10~~
Microsoft will one day enable DNS over HTTPS (DoH) for all Windows applications, but you can enable it in the new version of Microsoft Edge today with a hidden flag. DoH will improve your security and privacy online, but it isn't yet enabled by default in Microsoft Edge 80. Like Google Chrome, Microsoft Edge won't actually use DoH unless you're using a DNS server that supports DoH.

~~How to Enable DNS Over HTTPS in Microsoft Edge~~

This is an Edge, not a Bing question - but the choice is not available, so this was the nearest one. I'd like to view .dxr files (I have dozens, from old media disks), but can't afford Director. I've been told I can use Shockwave which I've embedded in MS Edge.

~~Microsoft Edge - Microsoft Community~~

Tech support scams are an industry-wide issue where scammers trick you into paying for unnecessary technical support services. You can help protect yourself from scammers by verifying that the contact is a Microsoft Agent or Microsoft Employee and that the phone number is an official Microsoft global customer service number.
