~~From 1 September 2021, the existing rules under Regulation (EU) No 874/2012 will be repealed and replaced by new energy labelling requirements for light sources under Regulation on energy labelling for light sources (EU) 2019/2015. Using a scale from A (most efficient) to G (least efficient), the new labels will give information on the energy consumption, expressed in kWh per 1000 hours and have a QR-code that links to more information in an online database.~~
