~~Chemical Engineering | MIT Graduate Admissions~~

The Doctor of Philosophy in Chemical Engineering

Practice is a relatively new degree program built on existing strengths within the Department's research activities, the unique resources of the David H. Koch School of Chemical Engineering Practice, and the world class resources of the Sloan School of

Management. It is designed to prepare students for a fast launch into positions of leadership in industry and provides them with a foundation for completing an M.B.A. degree.

~~Ph.D. CEP Program | MIT Chemical Engineering~~

MIT's Department of Chemical Engineering offers

## Online Library Mit Phd Chemical Engineering

three graduate degree programs — PhD, PhD CEP and MSCEP. MIT admits students for the Fall term each year; there is no January or June admissions. We are excited to launch the ChemE Application Mentorship Program (ChAMP)! ChAMP is a volunteer-based student mentoring program which aims to assist applicants from communities that have been historically underrepresented in higher education, including students from groups underrepresented in STEM ...

Department of Chemical Engineering. A complete description of the doctoral program in Chemical Engineering can be found at [http://web.mit.edu/chem\\_e/academics/grad/advising.html#phdscd](http://web.mit.edu/chem_e/academics/grad/advising.html#phdscd). Deviations associated with the CSE degree are as follows.

## ~~Program Overview | MIT CCSE~~

The master's degree generally requires a minimum of one academic year of study, while the engineer's degree requires two years. Admission to MIT for the master's degree does not necessarily imply an automatic commitment by MIT beyond that level of study. In the School of Engineering, students may be awarded the engineer's degree.
