Cada colombiano tiene que decir su verdad.Y sólo cuando toda verdad pueda ser dicha, cuando dejemos de estar encerrados en la verdad ajena, aprenderemos otra vez a polemizar sin matarnos, y le habremos dado su sentido al grito musical de Emiliano Zuleta que recorre a Colombia hace setenta años y que le da su nombre a este libro. Algo está cambiando en Colombia. Después de siglos de repeticiones, donde una cultura, un pueblo y un territorio fueron persistentemente borrados y ninguneados por poderes arrogantes, una realidad enorme está emergiendo, un pueblo desconocido está descubriendo su propia existencia, un territorio está brotando a la luz.Tarde o temprano lo que era guerra aprenderá a ser diálogo, lo que era violencia aprenderá a ser exigencia y reclamo, lo que era silencio podrá convertirse en relato.

VALKIRIE narra la historia de Mexico durante los ultimos dos sexenios dominados por la cruenta guerra contra los carteles del narcotrafico y sus conecciones con importantes políticos, empresarios y corporaciones globales. Vivian camina dentro de una nube purpura luego de la destruccion de Mexico, entre muertos que no saben que lo estan. Es una novela compuesta en capitulos que representan cabezas degolladas, manos mochadas, corazones arrancados. Como dice ella, "me lo dictaron las voces de los desaparecidos que por ahi estan." Y es la reaccion de las mujeres que cuando se les mete algo en la cabeza, nadie las puede parar. VALKIRIE es un oscuro viaje, un trance, con una mirada profunda, seria, pero tambien magnetica, en otra dimension, en donde se planea el asesinato de un presidente...o dos. VALKIRIE tells the story of contemporary Mexico's history, specially through the last twelve years dominated by an erratic and strange drug war against the cartels and its connections with important politicians, business men and global corporations. Vivian walks inside a purple cloud after Mexico ceased to exist, walking among mexicans who doesnt know they are already dead. Its a novel composed in chapters that represent heads, hands, legs and hearts dismembered. VALKIRIE may be a fiction but its well documented in reality. As Vivian, one of its characters, says, "its written by the voices unheard, by the lost ones, the dissappeared: the testimony of the dead that still walk around us." VALKIRIE its a trip, a trance, a dark tour de force inside the mind of a girl induced by a new and powerful illegal drug in a plot that has to do with the attempt to kill the president...or two."

With extensive ethnographic and archival work, this book analyzes the works of Carlos Vives and La Provincia, the most influential artists of Colombia’s music scene in the last twenty-five years, to uncover the basis of the Land of Oblivion, a musical and literary metaphor for Colombia’s national identity.

A collection of essays, stories, poems, plays and novels representing the breadth of Chicano/a literature from 1965 to 1995. The anthology highlights major themes of identity, feminism, revisionism, homoeroticism, and internationalism, the political foundations of writers such as Gloria Anzaldua, Lorna Dee Cervantes, Luis Valdes, Gary Soto, and Sergio Elizondo. The selections are offered in Spanish, English, and Spanglish text without translation and feature annotations of colloquial and regional uses of Spanish. Lacks an index. Annotation copyrighted by Book News, Inc., Portland, OR

First published in 1980 and now available only from the University of New Mexico Press, this classic compilation of New Mexico folk music is based on thirty-five years of field research by a giant of modern music. Composer John Donald Robb, a passionate aficionado of the traditions of his adopted state, traveled New Mexico recording and transcribing music from the time he arrived in the Southwest in 1941.

In this haunting novel about two young vatos, author Sergio Elizondo eulogizes Óscar Balboa and Valentín Rodríguez, who are sixteen and nineteen respectively when they are shot and killed by the police in Austin, Texas. On leave from Camp Gary, a youth training facility in nearby San Marcos, the two “strutting icons of Raza manhood worthy of a guitar ballad” are the novel’s principal voices as they lie dying. In other chapters, óscar remembers traveling north with his parents as a young boy to pick crops and joining farm workers’ protest marches. Songs of all types—symphonic, orchestral and protest—infuse the narrative: “We’ll summon the spirit of a poet so that he can adapt our people’s story through time and set it to music.” Elizondo’s short and tragic novel bears witness to la raza’s struggles for rights, whether in the fields, the work place or on college campuses. Originally published in Spanish and now available for the first time in English, this classic of Mexican-American literature provides insight into the Chicano civil rights movement of the late 1960s and early 1970s. Muerte en una estrella / Shooting Star is a profoundly disturbing and moving denunciation of bigotry and discrimination.
