The Clash Of The Cultures

Clash of the Cultures is a great
summary of the breadth of Bogle's
60-plus years in the investment field.
He offers observations on the
shocking change in the culture of
finance that he has witnessed first-
hand. Among the most important of
the shifts is that short-term
speculation has crowded out long-
term investment.

This week in our series, we tell the story of a clash of cultures and beliefs. We look at the early history of relations between European settlers in North America and the native groups that had...

American History: A New World Clash of Cultures

The Clash of Civilizations is a thesis that people's cultural and religious identities will be the primary source of conflict in the post- Cold War world. The American political scientist Samuel P. Huntington argued that future wars would be fought not between countries, but between cultures.

"The Clash of the Cultures' is one of those eye-opening books where you realize if you are to invest that you had better educate yourself so that you can make money by truly investing long-term. It is unfortunate that many would-be investor 'education' is watching short-term "buy buy buy! sell sell sell!" mentality stuff (think Mad Money).
