This is Dawson's third in the John Milton series. Milton is still running from his British overseers and finds himself in San Francisco as a tax driver. He delivers a young lady to a party and the story begins. Its a solid plot, the villain is substantial and the supporting characters are adequate.

As unpleasant secrets leak out, and the body count rises, one thing is for sure. Milton might just be the right guy in the wrong place at the wrong time. The Driver is a taut, nail-biting adventure which once again stars Mark Dawson's irresistible hero, the maverick ex-MI6 assassin John Milton. Mark Dawson has worked as a DJ and lawyer and currently works in the London film industry.

author Mark Dawson, this novella is an introduction to John Milton, the most dangerous assassin in the pay of Her Majesty's government. Meet John Milton. He considers himself an artisan. A craftsman. His trade is murder. Milton is the man the government sends after you when everything else has failed. Ruthless.
