After discovering the true nature of the One Ring, Bilbo Baggins entrusts it to the care of his young cousin, Frodo, who is charged with bringing about its destruction and thus foiling the plans of the Dark Lord.

A companion reference to the film trilogy and the book presents changes made to the original novel, references to various illustrations and maps, explanations of unique words, and a primer on Tolkien's invented languages.

This absorbing insight into the mind behind Middle-earth will introduce or remind readers of the abundance that exists in Tolkien's thought and imagination. Interweaving sections explore The Lord of the Rings and its history; the key themes, concepts and images in Tolkien's work; the people and places in his life, and his other writings. At the heart of the book is an indispensable A-Z of middle-earth, with detailed entries on Beings, Places, Things and Events.

A sumptuous new one-volume edition of Tolkien's classic masterpiece that is fully illustrated in watercolour throughout by the acclaimed and award-winning artist, Alan Lee. Since it was first published in 1954, The Lord of the Rings has been a book people have treasured. Steeped in unrivalled magic and otherworldliness, its sweeping fantasy has touched the hearts of young and old alike. Well over 100 million copies of its many editions have been sold around the world, and occasional collectors' editions become prized and valuable items of publishing. With the epic trilogy now an acclaimed, award-winning and billion-dollar success, images of the characters and landscapes have become iconic to a whole new generation of readers. Much of the look of these movies is based on Alan Lee's paintings, giving this sumptuous new edition of Tolkien's great work new relevance for the ever-growing number of fans.

A PBS Great American Read Top 100 Pick One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell by chance into the hands of the hobbit Bilbo Baggins. From Sauron's fastness in the Dark Tower of Mordor, his power spread far and wide. Sauron gathered all the Great Rings to him, but always he searched for the One Ring that would complete his dominion. When Bilbo reached his eleventy-first birthday he disappeared, bequeathing to his young cousin Frodo the Ruling Ring and a perilous quest: to journey across Middle-earth, deep into the shadow of the Dark Lord, and destroy the Ring by casting it into the Cracks of Doom. The Lord of the Rings tells of the great quest undertaken by Frodo and the Fellowship of the Ring: Gandalf the Wizard; the hobbits Merry, Pippin, and Sam; Gimli the Dwarf; Legolas the Elf; Boromir of Gondor; and a tall, mysterious stranger called Strider. This new edition includes the fiftieth-anniversary fully corrected text setting and, for the first time, an extensive new index.

J.R.R. Tolkien (1892-1973), beloved throughout the world as the creator of *The Hobbit*, *The Lord of the Rings*, and *The Silmarillion*, was a professor of Anglo-Saxon at Oxford, a fellow of Pembroke College, and a fellow of Merton College until his retirement in 1959. His chief interest was the linguistic aspects of the early English written tradition, but while he studied classic works of the past, he was creating a set of his own.

The Lord of the Rings is intended to be applicable to the real world of relationships, religion, pleasure, pain, and politics. Tolkien himself said that his grand tale of wizards, orcs, hobbits, and elves was aimed at truth and good morals in the actual world. Analysis of the popular appeal of *The Lord of the Rings* (on websites and elsewhere) shows that Tolkien fans are hungry for discussion of the urgent moral and cosmological issues arising out of this fantastic epic story. Can political power be wielded for good, or must it always corrupt? Does technology destroy the truly human? Is it morally wrong to give up hope? Can we find meaning in chance events? In *The Lord of the Rings and Philosophy*, seventeen young philosophy professors, all of them ardent Tolkien fans and most of them contributors to the four earlier volumes in the *Popular Culture and Philosophy* series, address some of these important issues and show how clues to their solutions may be found in the imaginary world of Middle-earth. The book is divided into five sections, concerned with Power and the Ring, the Quest for Happiness, Good and Evil in Middle-earth, Time and Mortality, and the Relevance

Presents the epic depicting the Great War of the Ring, a struggle between good and evil in Middle-earth, following the odyssey of Frodo the hobbit and his companions on a quest to destroy the Ring of Power.

The bestselling book now revised and updated with new content! Hailed as the most popular and best-loved series of the twentieth century, *The Lord of the Rings* trilogy is more than a great story; it's a reflection of life's epic quest for all of us. Examining the Christian themes in J. R. R. Tolkien's masterwork, bestselling authors Kurt Bruner and Jim Ware reveal a rich tapestry of hope, friendship, redemption, and faith in the face of overwhelming odds. More than 200,000 copies sold Includes six new chapters and a discussion guide A helpful resource for personal study, devotions, or group discussion

This fully authorized guide is the perfect introduction to New Line Cinema's *The Lord of the Rings* trilogy. With lavish full-bleed production stills and biographies of the stars and the filmmakers, this book gives readers privileged access to behind-the-scenes material found nowhere else. Full color.

The first volume in J.R.R. Tolkien's epic adventure *THE LORD OF THE RINGS* One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell into the hands of Bilbo Baggins, as told in *The Hobbit*. In a sleepy village in the Shire, young Frodo Baggins finds himself faced

with an immense task, as his elderly cousin Bilbo entrusts the Ring to his care. Frodo must leave his home and make a perilous journey across Middle-earth to the Cracks of Doom, there to destroy the Ring and foil the Dark Lord in his evil purpose. “ A unique, wholly realized other world, evoked from deep in the well of Time, massively detailed, absorbingly entertaining, profound in meaning. ” – New York Times
